The flagship PMC 1003 forming machine delivers unprecedented speed for greater efficiency and reduced production costs.

Large volume producers choose the PMC 1003 to form a wide variety of tapered paperboard or plastic cups and containers for global markets including food and beverage, snacks and frozen desserts.

Advanced performance technology improves uptime, increases production rates and provides operator friendly features.

Produces containers at speeds up to 330 CPM.

Forms cups and containers ranging from 3 oz. to 32 oz. depending upon configuration.
PMC 1003 Cup & Container Forming Machine

Materials
Cups and containers are formed from preprinted die-cut sidewall blanks or roll stock, and web-fed bottom stock.

Approximate Machine Weight
- Base Machine: 20,000 lbs. approx.
- Electrical Cabinet: 1,500 lbs. approx.
- Total Weight: 21,500 lbs. approx.

Size Range
Produces 3 oz. (89 ml) to 32 oz. (950 ml), two piece paper or plastic cups.
