MANDREL CAM

246.1

NEW MANDREL CAM PMC-1250

Paper Machinery Corporation has developed a new mandrel cam for the 1250 machine. This cam can be used in place of cam part #407-629 on all PMC-1250 model machines, starting with lot #9090-1 to present.

The new cam is wider and will require the main bearing bracket to be modified.

PMC has created a retrofit package for this cam under assembly #8001003, which includes:

- Cam Part #6004834 (x1)
- Split Nuts part #6004836 (x2)
- Special Wrench part #MT-1789 (x1)
- Bearing Bracket rework drawing #401-258 Rev. D. (x1)

Please contact PMC Customer Service for pricing.

To modify the Bearing Bracket, see Instruction #112.

CONTACT

Parts orders and customer communication can be made using telephone, FAX, or e-mail. See below. Contact can also be made using the **main** telephone switchboard at 414-354-8050 or FAX number 414-354-8614. Sending a FAX **directly** to the Service Department, at 414-354-1710, will convey a faster response. If using e-mail and no response is made within 3 working days, please contact via phone or FAX.
